Timofey Mikheev

.NET Developer | C#, ASP.NET Core, Azure | Building Scalable
Microservices | 3+ Yrs Exp | AI Agent Orchestration
Batumi, Georgia

Summary

I'm a software developer with experience in .NET backend and Unity mobile/game development. Over the past few years, I've built and maintained backend services for e-commerce, B2B, and CRM systems, optimized performance, and mentored junior developers. I also have experience in rapid prototyping, interactive applications, and mobile games using Unity. I enjoy improving workflows, collaborating in agile teams, and delivering reliable, maintainable solutions.

Experience

LTD Lotsia

.NET Backend Developer
May 2023 - Present (3 years 2 months)
Moscow, Russia

Developed and maintained backend microservices for e-commerce platforms, B2B portals, and CRM systems.

Refactored legacy code and optimized performance-critical areas using Dapper, Redis, and query tuning.

Integrated internal and external services via REST and gRPC, implemented centralized logging and caching.

Automated reporting, improved workflows, and ensured reliable business logic with unit tests.

Mentored new developers and contributed to team processes in Agile/Scrum environment.

Tech stack: .NET 6/8, ASP.NET Core, EF Core, Dapper, PostgreSQL, MySQL, MongoDB, gRPC, REST, Docker, Redis, RabbitMQ, Serilog, Grafana.

Whale

Middle Unity Developer

June 2022 - March 2023 (10 months)

Yekaterinburg, Sverdlovsk, Russia

Worked remotely as a Mid-Level Unity Developer, focusing on rapid prototyping and proof-of-concept development for mobile and interactive applications.

Led a small development team, introducing process improvements and tools to accelerate delivery.

Maintained project documentation, facilitated onboarding, and mentored junior developers to ensure smooth team integration and consistent code quality.

Freelance | Self-Employed

Freelance

August 2021 - May 2022 (10 months)

St Petersburg City, Russia

Developed interactive mobile 2D games using Unity, targeting iOS platform.

Implemented gameplay mechanics, animations, and UI systems, ensuring smooth performance and engaging user experiences.

Integrated third-party SDKs, in-app purchases, and analytics tools to enhance functionality and monetization.

Education

Saint Petersburg State University of Aerospace and Instrumentation

Bachelor's degree, Computer Science · (September 2018 - June 2022)
